

Alexandr Chumak

Senior Frontend Engineer → AI Product Engineer

ciumac.dev@gmail.com · linkedin.com/in/spumony · Chişinău, Moldova (UTC+2)

Senior Frontend Engineer with 5 years in React, TypeScript and Next.js, moving into AI product engineering. I ship product UIs end to end and am going deep on backend, databases and AI engineering (LLMs, RAG, evals). Open to senior frontend / AI product roles across the EU, and freelance.

EXPERIENCE

Lead Frontend Developer

2026 – Present

Multisoft, Romania (Remote)

- Sole frontend developer on a restaurant CRM platform, owning architecture, UI and feature delivery.
- Building the client app from scratch in Next.js and TypeScript: architecture, component system and routing.
- Shipping order, menu and reporting modules with data-heavy tables, filtering and complex forms.
- Setting the design system and frontend standards, keeping the UI fast and consistent.

Frontend Developer

2021 – Dec 2025

TeamArt — EVCARGO (Remote)

- Built the frontend of a production e-mobility logistics platform within a cross-functional Scrum team.
- Built and maintained a shared design system and reusable component library.
- Designed scalable client-side architecture and integrated REST APIs with React Query.
- Drove code reviews and technical planning, from requirements to release.

Web Developer

2019 – 2020

Freelance (Remote)

- Delivered and modernised web apps for clients end to end; refactored legacy interfaces and improved performance and UX.

Web Designer

2018 – 2019

Exterior Security Systems, Chişinău, Moldova

- Created visual concepts and digital assets for web and marketing.

SKILLS

Frontend: React, TypeScript, Next.js (App Router), Tailwind CSS, TanStack Query, Product/UI design (Figma)

Fullstack: Node.js, PostgreSQL, Drizzle ORM, Server Components/Actions, Zod, Session auth (bcrypt), REST API design, Inngest

AI engineering (learning): Vercel AI SDK, OpenAI/Anthropic SDK, Embeddings + pgvector, RAG, Evals, Observability, LLM agents / MCP

EDUCATION

Master's in Information Technology

2018 – 2020

Technical University of Moldova

Bachelor's in Information Technology

2015 – 2018

Technical University of Moldova
